

How could you sort the shapes? Can you find matching pairs?
How many sides does each shape have? Are all of the sides equal?

			
			
			

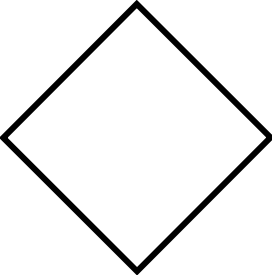

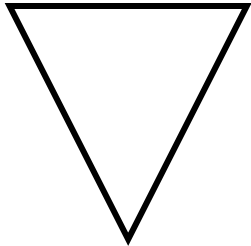

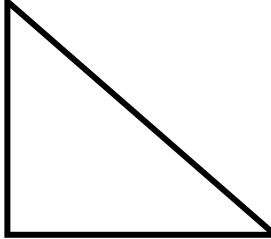

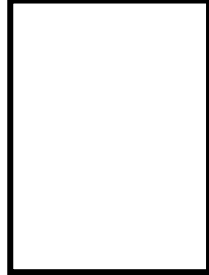

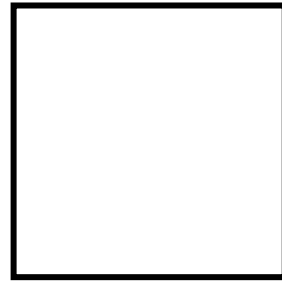

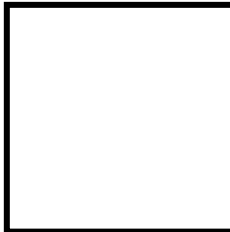

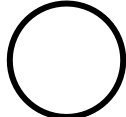

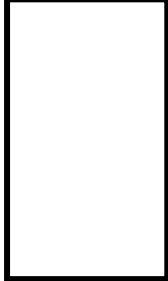

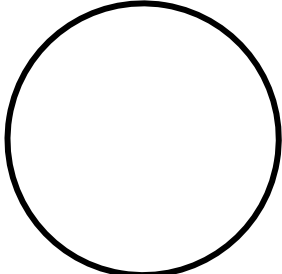

Go on a shape hunt and look for lots of different shapes.
You could hunt for shapes in your house, your garden or you could even go on a shape hunt walk.

What do you notice about each shape? How many sides does it have?
Are all of it's sides the same length?

Make a shape picture using lots of different shapes.
You could use these shapes or have a go at drawing your own.

Can you sort the pictures?

Which activities do we do in the daytime? Which do we do at night?

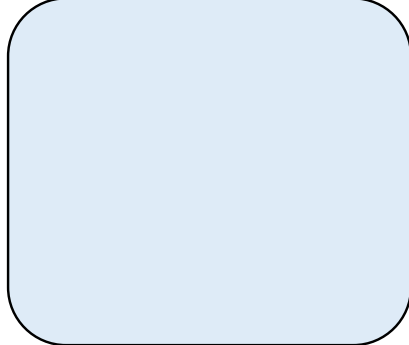

What else we do during the day or at night?

Draw your own pictures and then add them to the correct group.

Have a go at sequencing an activity that you do everyday, such as getting ready for school or getting ready for bedtime.

Draw each step of the activity, jumble up your pictures and then put them back in the correct order. What comes first, next and last?
