

Chartwells in partnership with Cornwall Education Learning Trust

Chartwells is the leading provider of contract catering and support services to the education sector in the UK.

Our team prides themselves on innovation and commitment to finding imaginative new ways to increase meal uptake and enhance student experience, making school food tasty and appealing.

There's also a great deal of importance placed on the vital role we play in educating young people on good nutrition and healthy lifestyles and additional education programmes.

From brand new reception children to those on the cusp of adulthood, Chartwells is focused on sharing in each child's educational journey. We currently work with over 2,300 education units including primary schools, secondary schools, academy schools, independent schools, colleges and universities and produce and deliver approximately 975,000 meals each week, 38 million meals annually.

From the 1st September Cornwall Education Learning Trust have made the decision to provide ALL Keystage 1 pupils with a school lunch.

In line with Government funding this meal is free of charge and will not be at a cost to you.

There are a range of options available for pupils including a meat or vegetarian main or alternative dishes of jacket potatoes with assorted fillings or tomato pasta.

In addition, we can also cater for medical diets. A request form can be obtained from the school and then once completed along with medical evidence being provided an Area Manager will be in touch with you to confirm a medical menu.

If you have any further queries, please do not hesitate to contact your school.

Kind Regards,
