

## School Bulletin Friday 20<sup>th</sup> September 2024

The sun came back! It's been amazing to be able to have a brief summer again this week and get to use our amazing grounds for all sorts of activities. I have seen science lessons, PE, Ash Class being the rain and different animals, amazing learning for all.

A big shout out this week to our pupils in reception. They are fully immersed in their routines now we are in week 2 and they are coping so well. We have a few tired children in the mornings but I can testify to the smiling faces and shared activities they are taking part in each day. Well done!

I would also like to acknowledge the superb start our new House Captains have made. They are such a credit to the school and are looking like a very strong group. Thankyou.

I hope you have a restful weekend. I have to travel to Bournemouth to watch my eldest daughter play a 1-hour netball match for Bodmin. It never stops with our children does it! We wouldn't have it any other way though.

## Absence Reminders

### Illness

If your child is going to be absent from school due to illness, then please inform the school office before 9am in the morning. If your child is off for more than one day, we must still be informed each day of your child's absence until they return to school. Please phone us on 01726 850397 (answerphone 24 hours)

Please leave a message on each day of your child's absence telling us:

1. Your child's name
2. Class
3. Why they are absent (not just unwell)
4. When you expect them to return

Please note in instances of sickness and/or diarrhoea, please keep your child off school for 48 hours, timed from the last occurrence.

## Medical Appointments

If you need to take your child out of school for any length of time to attend a medical appointment, the school office must be notified in advance. We also ask to see the letter confirming the date and time of the medical appointment. Please ensure that, where possible, medical appointments are made outside of school time.

## Change to Neurodevelopmental Assessment Process

Following changes earlier this year to the Neurodevelopmental assessment process, a profile now needs to be completed to assess need and support prior to any referral.

On Tuesday 19th November 2024 -2-3pm, I will be holding an information session on this process for parents / carers.

A link to a sign up form will be posted after half term, should you wish to attend.

Many thanks,  
Mrs L-D-L

### Change is coming to the neurodevelopmental pathway

From 15 April 2024 in place of direct referral to the Neurodevelopmental Diagnostic Assessment Team, you will be asked to complete a neurodevelopmental profile for any child or young person who has emerging or established neurodevelopmental needs.

Speech and language ability	Energy levels
Cognitive abilities	Emotion regulation skills
Motor skills	Sensory needs
Flexibility and adaptability	Empathising and systemising
Attention skills and impulse control	

This approach will allow parents and professionals to explore the key areas of need and match these to strategies and adjustments that can be put into place to support children and young people.

Diagnostic assessment continues to be a step in the pathway, but it is no longer the entry point to understanding the neurodevelopmental needs of children and young people.
